

## 12VDC 60W EMCOD 2-in-1 Driver & Dimmer

Dimmable Low Voltage Power Supply

Inspired LED

SKU: 8615

The EMCOD **12V Driver+Dimmer 2-in-1** combo makes low-voltage control easier than ever by combining a decora style dimmer switch and dimmable driver into a single unit. It features a decora style slide dimmer and paddle on/off switch. Designed to fit into standard wall switch junction boxes. Takes 120V AC and converts to a low-voltage DC. Use with Inspired LEDs 12V LED & COB tape light.

### Product Features:

- Dimmer + Power Supply Combo
- No more switch/dimmer compatibility issues
- Short Circuit/ Over-Load/ Over Temperature protections
- Fine-Tune output voltage with voltage adjustment screw
- Fits in standard switch j-boxes
- Dimming range 0.3%-100%
- 5 year warranty

### Specifications:

- Output: 12V DC 60W (5Amps)
- Input: 120VAC
- Working TEMP. -40F to 140F
- Fine-Tune output voltage (12V-14V)
- Dimming range 0.3%-100%
- Class 2
- Safety Standards: **UL8750 CAN/CSA-C22.2 No.250.13 (US)**
