Bendable In-Wall Aluminum (1M)

SKU: 8587

The **Bendable In-Wall Aluminum** system by Inspired LED is designed for installation within drywall or for creating custom fixtures. This cutting-edge system allows builders and contractors to create stunning LED lighting integrated into walls and easily navigate 90-degree turns. By combining this track with a soft-white diffused lens that eliminates hot spots, along with the straight aluminum components, the design options become limitless.

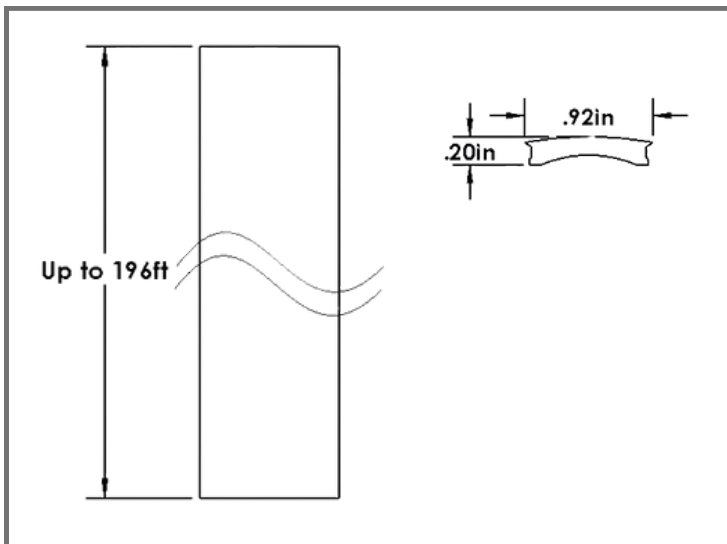

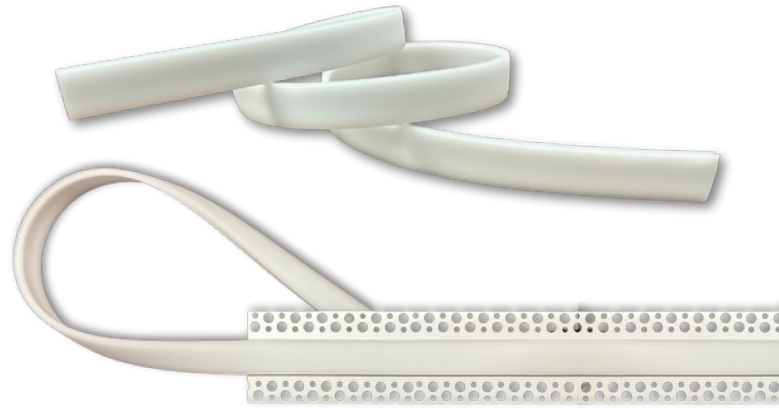

Dimensions:	
Width	2.40"
Length	39.37" (1M)
Height	0.55"
Bendable	Yes

Compatible With:	
8588	Straight In-Wall Aluminum (1M)
8589-B	Bendable Frosted Lens
Recommended Flexible LED Strips	12V Ultra Bright 99LED/M
	12V or 24V Mega Bright 120LED/M
	24V High Bright 144 LED/M
	12V or 24V COB

Compatible Tiger Paw Connectors:	
8464	iDea Series 4-Screw
3849	Super Clip
3612	Small White Screw Terminal
3613	Micro-Lock Push-In
3498	Flexible Strip Extender
4938	3.5mm Female Plug-In

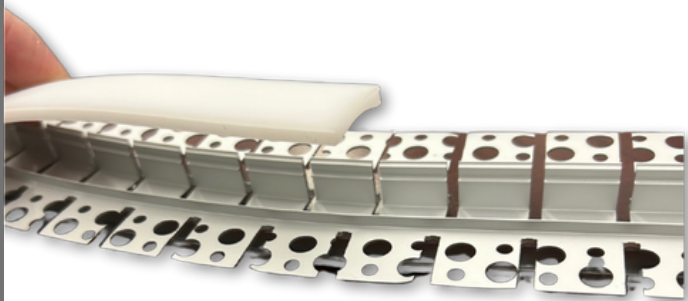

The **Bendable Frosted Lens**, when combined with the straight and bendable in-wall aluminum, offers a seamless lighting solution. Sold by the meter, this lens ensures a continuous beam of light across the entire system. Say goodbye to assembling multiple lenses and concerns about visible seams! The uniform and smooth light output from this lens results in a polished and neat installation. This cutting-edge product will simplify your installations with ease!

Dimensions:	
Width	0.92"
Length	Sold in 1M increments up to 60M
Height	0.20"
Bendable	Yes

Compatible With:	
8587	Bendable In-Wall Aluminum (1M)
8588	Straight In-Wall Aluminum (1M)
Recommended Flexible LED Strips	12V Ultra Bright 99LED/M
	12V or 24V Mega Bright 120LED/M
	24V High Bright 144 LED/M
	12V or 24V COB

Once the in-wall aluminum has been installed, the lens easily pushes into place.

Compatible Tiger Paw Connectors:
