

12VDC 5 AMP Dimmable Plug-In Power Supply

Inspired LED

SKU: 8614-XX

This versatile 12V, 5A power supply is available in two output configurations. The standard AC plug enables quick installation using a typical electrical outlet. For plug-and-play LED systems, a 3.5mm x 1.3mm male output cable is available. A screw-terminal output option is also offered for custom and field-terminated installations. The low-profile, lightweight design makes this power supply well suited for larger 12V LED systems.

KSPower Phase Dimming LED Driver (SKU #8614-PI)

KSPower Phase Dimming LED Driver (SKU #8614-ST)

Qualifications:

Certification	UL Listed E497389
	C22.2 No.250.13
	RoHS Compliant & CE Certified
Compliance	Class 2
IP Rating	IP20
Warranty	2 years
Dimmable	Compatible with Forward Phase, Reverse Phase, ELV, and Triac Dimmers PWM dimming available with Inspired LED low-voltage in-line dimmer options

Specifications:

Width	2.38"
Length	6.85"
Height	0.93"
Input Cable	39" Cable with AC Plug (2-Prong)
Output	44" Cable with DC Plug (3.5mm x 1.3mm) or Screw Terminal
Input Voltage	120V AC, 50/60 HZ
Output Voltage	12V DC, 5 AMP (60W)

Power Requirements:
