

Lever Wire-to-Wire Connector

for Low & High-Voltage Wiring Applications

Inspired LED

Features & Specifications

- Tool-free lever design for quick wire installations
- Clear housing provides visual confirmation of wire placement and contact
- Each port forms a common electrical connection
- Single polarity connectors
- **Reusable:** Open lever to remove or reposition conductors
- **Configurations:** 2-Terminal or 5-Terminal wire-to-wire
- **Wire Diameter:** 22-12AWG, solid or stranded wire
- **Max Load:** 20A / 600V
- **Temperature Rating:** 105°C (221°F)
- **Housing Flammability Rating:** UL 94 V-0

Connector Types

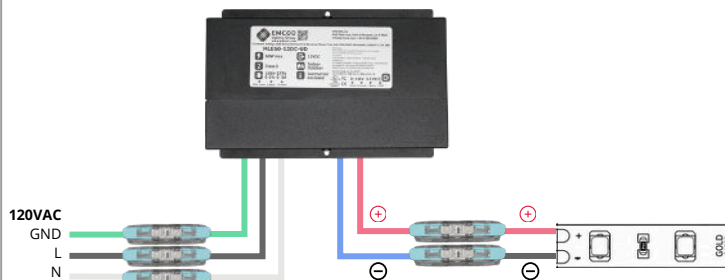

2-Terminal Inline | SKU: 3905-2T-INL

1 Input | 1 Output | Wire-to-Wire Connector

Wiring Diagram

Single Polarity Connector | Strip Wire 1/4" (0.25in)

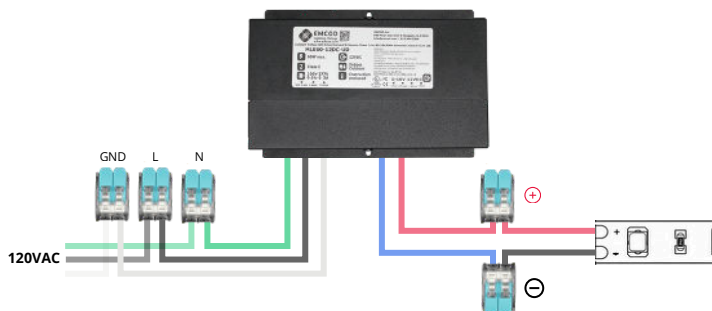

2-Terminal Side-by-Side | SKU: 3905-2T-SBS

1 Input | 1 Output | Wire-to-Wire Connector
